

End-user license agreement (EULA) for 3 video recordings (days 1,2,3) of D3G's Workshop on Molar Hypomineralisation and Chalky Teeth, October 2020.

- The abovementioned 3 videos are copyrighted property of The D3 Group for developmental dental defects (D3G)
- They are offered for on-demand viewing only by individuals (end users) who have paid an agreed licensing fee, being the registration fee for D3G's continuing education (CE) pack
- As a CE-pack registrant (licensee), you undertake to access these videos for **your personal use only**, and at the viewing location you have specified
- You further undertake to **not share the access details (URL and password) with anyone else**, realising that unregistered use undermines the rights of others and may invalidate your password
- Viewing of any of these videos constitutes acceptance of this EULA
- You understand that, if you're uncomfortable with any of these EULA terms, you should destroy all records of the access details and not view the videos
- You further understand that D3G will happily discuss any concerns about this EULA

Any questions or tips for improvement to this EULA? – please don't hesitate to ask or share.
