

INTERNATIONAL SYMPOSIUM ON MOLAR HYPOMINERALISATION & CHALKY TEETH

Hosted by the University of Toronto & SickKids

Toronto D3 Symposium 2022

OCTOBER 12th - 14th, 2022

9 - 5pm Toronto

www.thed3group.org/toronto2020

21^{CE}
HOURS

- **CE/CPD credit:** up to 21 hours scientific/clinical (live attendance, interactive webinar)
- **Learning objective:** Understanding the "Molar Hypomin problem" translationally
- **Learning validation:** CE Quiz spans all daily sessions (including live Q&A and D3 Discussion Framework documents provided before the Symposium)

D3G's CE events are:

- Designed in accordance with international CE/CPD requirements (e.g. DB-AUS, DC-NZ, ADA-CERP)
- Delivered by world-leading academics & published practitioner/researchers
- Quiz-tested before issuance of CE/CPD certificate
- Backed by a widely-endorsed online education resource for further learning: www.thed3group.org
- See examples and learn more about D3G's educational work at: www.thed3group.org/media.html

Participants are advised:

- CE credits issued for participation in this event may not be recognised in all licensing jurisdictions
- However, do let us know if you strike any issues and we'll do what we can to help resolve them
- D3G is always keen to improve – please email us any tips or ideas: secretary@thed3group.org
